COUNCIL

## **Local Notice to Mariners**

### **No.6 - 2024**

#### **Re-opening of Worthing Pier**

Worthing Pier is now open to the public.

The structure's temporary 200-metre exclusion radius for watercraft has now been repealed.

Watercraft are now free to pass under the pier strictly through the two designated Watercraft Passage Lanes only.

Watercraft are not to encroach near the temporary support structure which is now in position to the south of the most southern Watercraft Passage Lane.
